No. 3.

HOOPES, BROTHER & THOMAS,
Maple Avenue Nurseries,

WEST CHESTER, PA.

SEMI-ANNUAL TRADE LIST.

SPRING, 1893.

WHILE we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty, expressed or implied, and, in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price of the trees.

TWO MEDALS AND DIPLOMAS,
AWARDED BY
UNITED STATES CENTENNIAL COMMISSION.

NOTICE TO PURCHASERS.

THIS list is intended for Nurserymen, Florists and Dealers only, and supersedes all previous editions. The prices are for the quantities named. Five Hundred, Fifty, and Five, will be furnished at the Thousand, Hundred, and Ten rates, respectively. On smaller quantities a discount from our retail prices will be made to the trade. Dealers will be furnished at the lowest rates, when their bills exceed two hundred dollars.

Our Nurseries,

Covering 300 Acres, with a large amount of glass, are in the*immediate vicinity of West Chester, which is situated twenty-seven miles west of Philadelphia, and with which we have nearly hourly communication by two railroads—one a direct road, the other a branch of the Pennsylvania Central, and from which we have a siding to our packing-house. By the latter route we are enabled to ship to all parts of the country, without transfer in Philadelphia, and at very low rates to distant points.

Our Office,

Situated at Maple Avenue Station, is ten minutes' walk from the Main Station in West Chester. Trains leave Broad Street Station, Philadelphia, for Maple Avenue, 6.15, 7.15, 8.50, 9.45, 11.45 A.M.; 12.45, 2.44, 4.40, 4.44, 5.44, 6.45, 8.15 and 11.45 P.M. Return, 5.53, 6.23, 6.41, 7.46, 7.51, 9.16, 10.51, 11.53 A.M.; 1.58, 4.51, 6.23 and 10.23 P.M. Leave Broad Street Station for West Chester, 6.15, 7.15, 8.50, 9.45, 11.45 A.M.; 12.45, 2.44, 4.40, 4.44, 5.44, 6.45, 8.15, and 11.45 P.M. Return, 5.52, 6.22, 6.40, 7.45, 7.50, 9.15, 10.50, and 11.52 A.M.; 1.57, 4.50, 6.22 and 11.22 P.M.

Leave Thirty-first and Chestnut Streets for West Chester, 6.56, 7.20, 8.51, 11.15 A.M.; 1.31, 2.56, 3.51, 4.37, 4.58, 5.51, 6.22, 8.14, 10.35 and 11.46 P.M. Return, 5.15, 6.05, 6.47, 7.38, 8.30, 9.15, 11.25 A.M.; 1.05, 3.00, 4.50, 6.05, 7.15 and 10.05 P.M.

The Packing Season

Generally commences from the first to the middle of March in the Spring, and about the first of October in the Autumn. The season is not regulated, however, by any definite date, nor by the state of vegetation at the locality of the planter, but by the condition of the trees when received. Parties south of us may receive our trees some weeks after their season has opened, yet when planted they will give entire satisfaction.

Packing.

All orders are carefully packed in bales or boxes, for which a charge is made sufficient to remunerate for the cost of material and time.

Shipping.

Our shipping facilities to the West by fast freight lines, and to New England and the South by various steamship lines, are unexcelled in rapidity of transit and low rates of freight charges.

Purchasers are requested to name the mode of conveyance by which they desire their shipments, OTHERWISE WE WILL DESPATCH TO THE BEST OF OUR JUDGMENT. AFTER DELIVERING TO THE FORWARDERS, ALL ARTICLES ARE ENTIRELY AT THE RISK OF THE PURCHASER; AND SHOULD ANY LOSS OR DELAY OCCUR, THE FORWARDERS ALONE MUST BE HELD RESPONSIBLE.

All packages delivered free of cartage at the Depots and Express Offices in West Chester.

Parties desiring stock shipped per express C. O. D., MUST accompany their order with cash to one-half the amount, otherwise no attention will be paid to the same.

Claims.

All claims for errors and deficiencies must be made within TEN DAYS after receipt of the stock. We desire to be notified of mistakes as early as possible, so that we may rectify the same without delay.

Terms, Cash.

The following Catalogues will be mailed on application, viz. :

- No. 1. Descriptive Catalogue of Fruits, three 2-cent stamps.
- No. 2. Illustrative and Descriptive Catalogue of Ornamental Trees, etc., 10 cents.
- No. 3. Wholesale Trade List, free.

Hoopes, Brother & Thomas.

WEST CHESTER, PA., February, 1893.

FRUIT DEPARTMENT.

THESE prices are for our selection of varieties, but we will adhere as closely as possible to the wish of the purchaser. In no case will we supply long lists of selected varieties of either Fruit or Ornamental Trees at wholesale rates, but will allow a discount on our retail prices proportionate to the amount of the order.

PEACH TREES.

THE PEACH has been the great specialty of this establishment since its commencement in 1853. Owing to congenial soil and a suitable climate, our trees make a strong, clean, healthy growth, which gives universal satisfaction to our customers. We have our usual large blocks this year.

We also call the attention of purchasers to our fine stock of KIEFFER PEARS, one, two and three years old, which we offer at very low prices.

FOR SPRING, 1893.

WE ESPECIALLY INVITE ATTENTION TO OUR EXTENSIVE STOCK OF HARDY SHRUBS
WHICH WE BELIEVE CANNOT BE EXCELLED FOR
STRONG, HEALTHY GROWTH.

DEUTZIA GRACILIS.

We have grown this season an exceptionally fine lot of *Deutzia Gracilis*, transplanted, three and four years old, forming nice compact clumps with an abundance of healthy fibrous roots. They are admirably adapted for cut-flowers, and are sure to yield a handsome profit to the market gardener. Our prices have been greatly reduced. See page 10.

HARDY PHLOXES.

Embracing many of the most elegant varieties. Strong plants from open ground.

EULALIA VARIEGATA.

Also the plain, green-leaved form ; strong clumps. Exceedingly valuable.

SPIREA REEVESII AND S. REEVESII FL. PL.

Large, transplanted shrubs. The most showy species of this fine genus.

ALTHÆA VARIEGATA.

We offer a heavy stock of these fine shrubs, 5 years grafted, 3 to 4 feet high, and well branched. Also, a smaller grade, 2 to 3 feet. Desirable for ornamental screens and groups.

CYDONIA JAPONICA:

In quantities to suit purchasers. 4 to 5 feet and 18 to 30 inches. These are mixed seedlings, showing a great diversity of tints when in bloom, and are an unusually thrifty lot of plants.

EXOCHORDA GRANDIFLORA.

We have succeeded in growing a choice block of these, all vigorous and in blooming condition.

THE NEW GRASS.

Eulalia gracillima univittata is acknowledged to be one of the best hardy additions to our gardens. Unsurpassed for graceful habit and quick growth.

PRAIRIE ROSES.

One year strong and two years, embracing the hardy, vigorous, free-blooming varieties, viz.: Anna Maria, Eva Corinne and Linnæan Hill Beauty.

WEIGELAS.

Rosea, Rosea variegata, Amabilis alba, Candida, Mme. Coturlier, etc.

Also large blocks, at low rates, of Forsythia *Fortunii* and *F. viridissima*, *Deutzia P. of Rochester*, *Prunus triloba*, Double white Almonds, etc., etc.
